

VALUE WORKSHEET #22

Service

SERVICE can be volunteering in your community, asking your teacher if he/she needs help, or helping an elder with their groceries.

_____ Volunteering in your community is an important part of Leadership. When you volunteer, you are giving your time to someone or something that needs it. Volunteer this week for one hour (maybe at the Senior Resource Center or the Denver Rescue Mission, with Mom and Dad).

_____ Where are three places you could volunteer in your community? (Ask Mom and Dad, they might have some good ideas!)

1.

2.

3.

_____ Ask your teacher if you can help clean the classroom after school one day this week.

_____ Help someone who is struggling, maybe in the grocery store with their bags, or someone at school with their books.

_____ Ask your instructor if you can help them with class, maybe they will let you!
